LaTeX basics
LaTeX installations

Tiep Vu
August 2016

- **MiKTeX** for Windows.

- **TeX Live** for Linux and other UNIX-like systems.

- **MacTeX** redistribution of TeX Live for Mac OS X.

- VnTeX for typing Vietnamese (I've never used).
  - Check this link for another solution (works in both of my Windows 7 and Ubuntu 14.04).

- General editors: Sublime, Notepad++, . . .

- LaTeX oriented editors: Tex Maker, WinEdt, TeXworks, . . .

- Online editors: ShareLatex, Overleaf, . . .

Full comparison of LaTeX editors.

1. MiKTeX
   - **Download MiKTeX**,
   - **Install MiKTeX**.
2. Tex Maker
   - **Download TeX Maker**,
   - Install it.

Online LaTeX editors

- ShareLatex
- Overleaf

No installation required.
Provides several templetes.
Integrate your account to Dropbox, Github.

- Wikibooks LaTeX .
